FileZilla

CIC Compliance/Installers/Filezilla/FileZilla_3.14.1_win64-setup.exe

CIC Compliance/Installers/Filezilla/FileZilla_3.14.1_win32-setup.exe

Before installing FileZilla, identify first if your computer is 32-bit or 64-bit. To check, go to Control Panel > System and Security > System. The System Type should tell you if your computer is 32-bit or 64-bit.
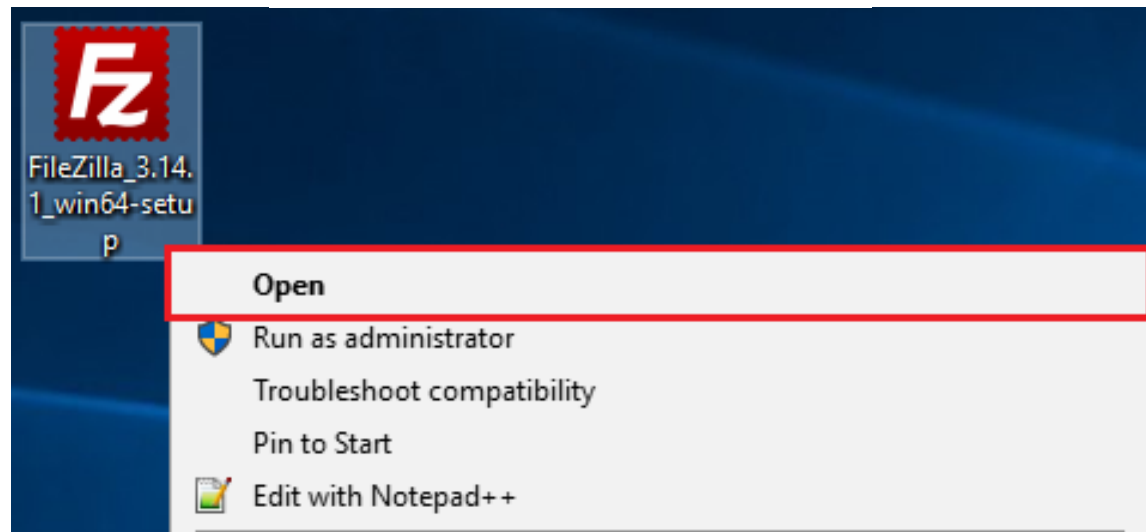

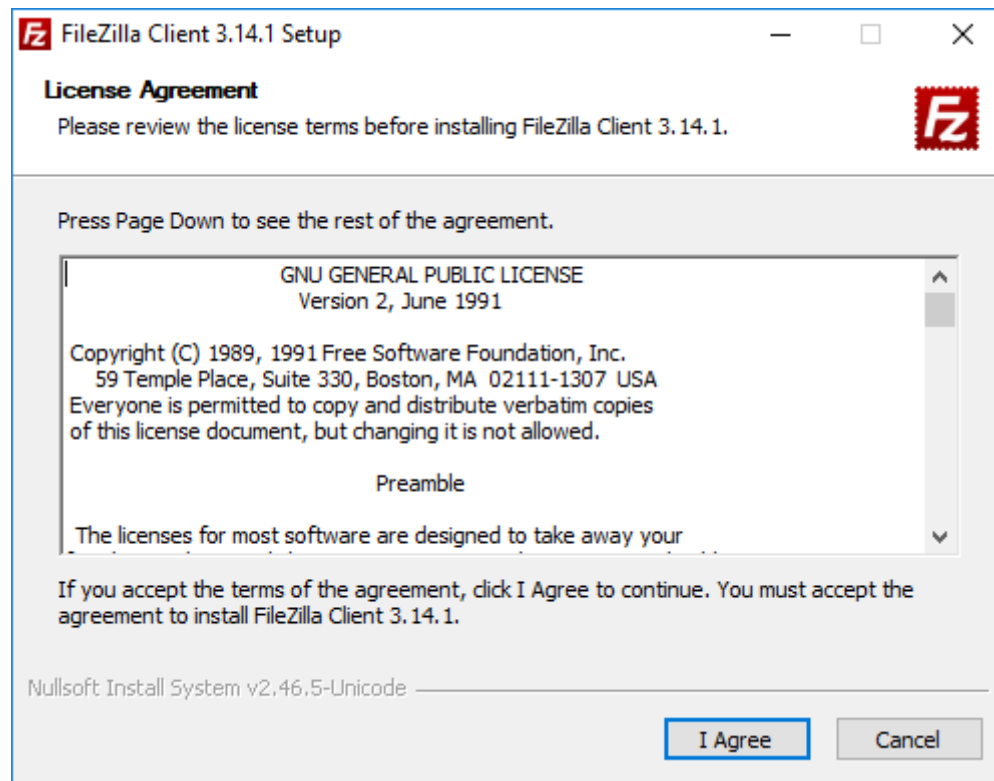

1. To start the installation:

- double click the FileZilla installer; OR
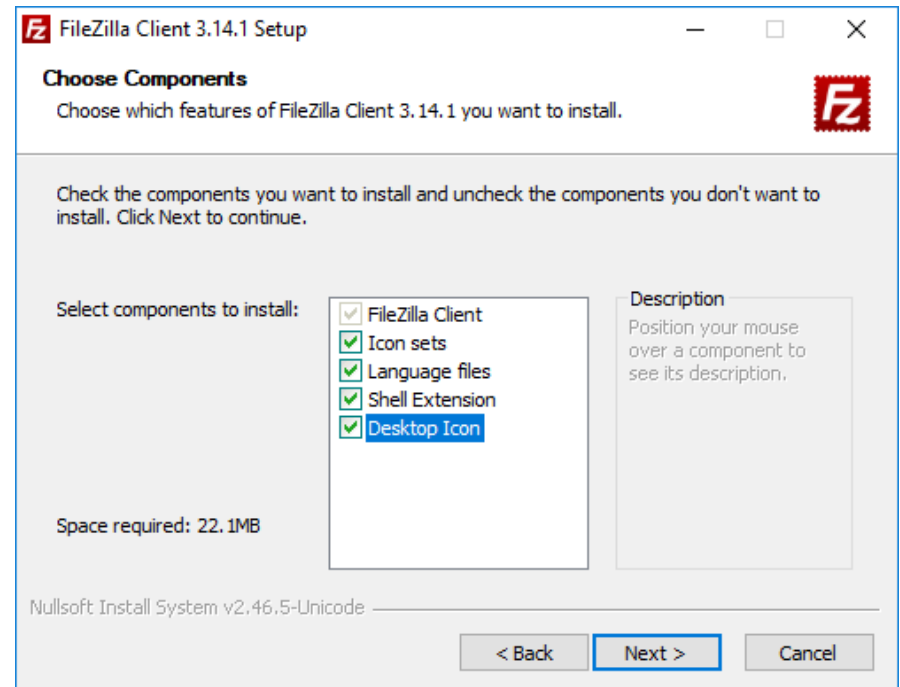

- click the right mouse button then select "Open"
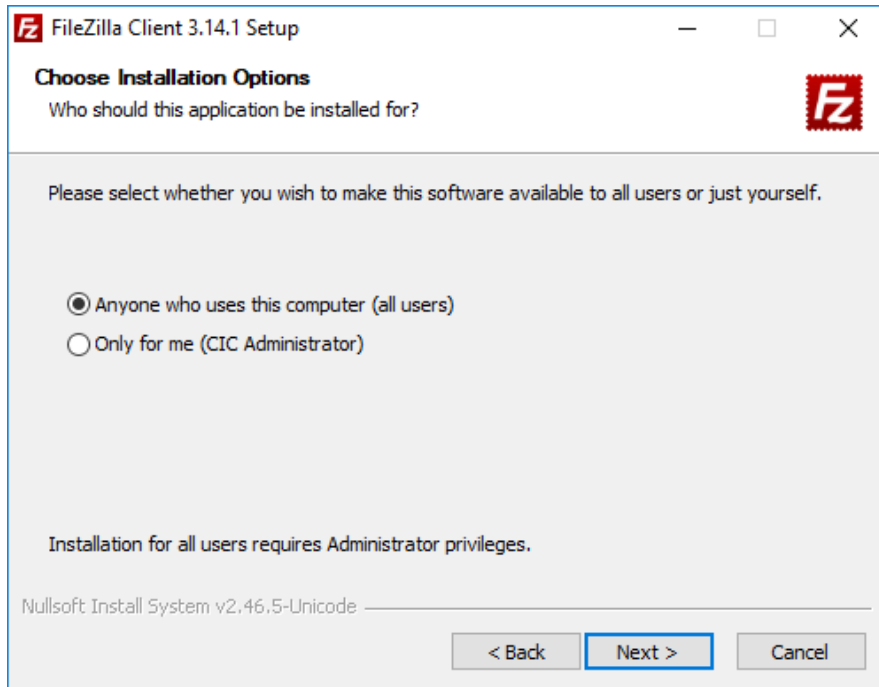

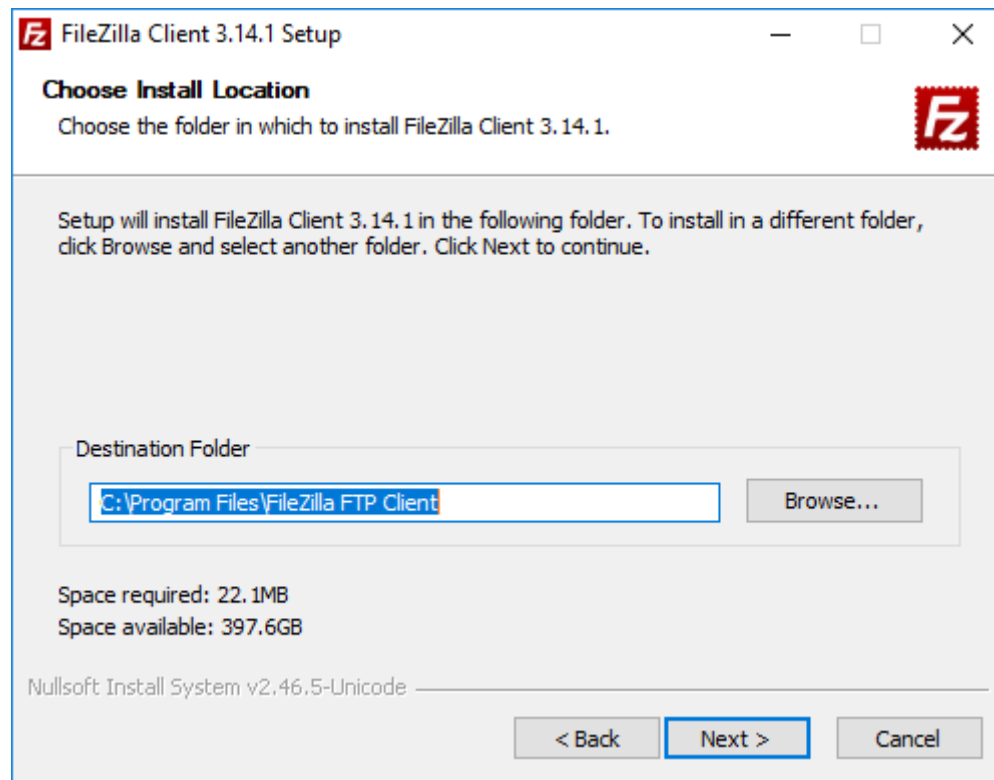

# 2. Click Next on the License Agreement

3. Click Next on Choose Installation Options and Components

4. Click Next on Choose Install Location

5. Click Install on Choose Start Menu Folder

6. Click Finish. The FileZilla icon should now be in your desktop.
